

**TCM**  
Tree Care Machinery

Your complete supplier of  
machinery and equipment  
for the tree care industry

## Chainsaw Accessories

### ▲ CHAINSAW CHAIN

We stock the most popular styles of Oregon / Husqvarna chain in 25' and 100' reels as well as pre made chain for all makes and models of chainsaws.

### ▲ HUSQVARNA FILING KIT

Complete filing kit to simplify the work of keeping your chain in trim. The file kits contains a file handle, combination gauge or a file gauge and depth gauge, two round files and one flat file.

### ▲ CHAINSAW BARS

**Laminated bars with nose wheel:** The gentle curve and small nose radius reduce the risk of kickback and facilitate good cutting control. Bars are epoxy coated to protect against scratches and corrosion.

**Solid bars with replaceable tip:** Recommended for use with long bars to reduce load on bar tip. Load is transferred to the high quality roller bearing. Frictional loss is reduced by 8-10% depending on bar length.

**Solid bars:** Solid bars are used for hard species of timber, thick bark and in very sandy, dusty or sooty conditions. Bars are epoxy coated to protect against scratches and corrosion.

### ▲ OREGON 6" FLAT DEPTH-GAUGE FILE

Aggressive cutting design. Made from the finest steel. Specially heat-treated for maximum stay-sharp. Resists clogging.

### ▲ OREGON 8" LONG ROUND FILE

This superior file for sharpening saw chain is a Swiss-made double-cut file from Vallorbe.

## Chainsaw Accessories

### ▲ OREGON LOGGER'S FILING VISE

Excellent tool for professional and novice users to hold their chainsaw firmly when filing.

### OREGON BAR RAIL DRESSER >

This compact tool goes anywhere and makes it easy to remove the effects of normal wear or remove minor damage as it dresses your bar's rails back to square. The tool can be used in varied positions with the file dressing the outer edges of the rails, or dressing the tops of the rails.

### < HUSQVARNA CHAINSAW CARRY CASE

Holds 40cc up to 72cc chainsaws. Stackable carrying case designed to hold Husqvarna's exclusive Filing Equipment, Stump Vise, Combi Spanner, Spark Plug, 2 Stroke Oil, Bar & Chain Oil and Operators Manual. Comes standard with 18"-20" Guide Bar Cover.

### ▲ HUSQVARNA COMBI FILE / RAKER GAUGE

Combination File Gauge and Raker Gauge that gives you the correct filing angle. Make sure that you know what size chain you have before ordering this item.

### HUSQVARNA FILE GAUGE >

Specially designed file gauge that gives the correct filing angle. Make sure that you know what size chain you have before ordering this item.

### < COMBINATION CHAIN BREAKER & RIVET SPINNER

Breaks all saw chains (up to 1/2" pitch). Rivet spinner mends new or old chains – on or off the bar!

### HUSQVARNA FILE HANDLE >

Patented file locking system that can hold round or flat files. Shows 25 and 30 degree angles to ensure correct filing.

### < COMBI SPANNER

For the removal of bar and chain tensioning. Two sizes of sockets on each tool. Fits most popular chainsaws. Flat screwdriver blade.

## Chainsaw Accessories

### < FUCHS UNILUBE BAR & CHAIN OIL

Fuchs Unilube Bar & Chain Oil. Optimizes your saw's cutting performance by reducing heat and friction. Fuchs Unilube is a premium blend of base stocks and tackifier additives which reduces high speed throw-off. Extends bar, chain and sprocket life by protecting against wear. **20 litres.**

### HUSQVARNA HP TWO STROKE OIL >

Designed to meet all the tough challenges a two-stroke engine oil can encounter. Husqvarna's two stroke oil is also formulated to work well with low-quality fuels. Carefully selected components in this part synthetic oil gives a cleaner engine and less coating on the piston/cylinder walls, exhaust port and crankcase.

### < HUSQVARNA HP TWO STROKE OIL
