THE BEAST® 2680XP TRACK

35” Capacity Horizontal Grinder

The Beast® Model 2680XP offers **exceptional versatility** for tree services, municipalities, logging operations, sawmills, recycling yards, and many other end users seeking a one-size-fits-all recycling solution. With a 35-inch by 60-inch throat opening, the Model 2680XP can **easily handle** waste wood, plastic, roofing shingles, chunk wood, and more.

CREATE VALUABLE PRODUCTS

Equip your Model 2680XP with a variety of teeth and screens to meet your specific end product spec. The Beast can be set up to take your waste wood and convert it to a valuable product that customers will pay top dollar for! And as your needs change, so can The Beast. Configure everything from the infeed speed, mill configuration and screens to meet your spec!

PRODUCE MORE, PAY LESS

The Beast’s patented cuttermill utilizes a unique cutterbody holder that regulates the size of the cut. The result is a more uniform product using less energy to process material. This results in savings in fuel, wear and tear, and most importantly – time – because you get the right size on the first pass.

MAXIMUM UPTIME

The Model 2680XP is built to stand up to any daily grind. Solid steel welded construction and the industry’s best components combine to create a machine professionals can trust to perform. And when you need parts or service, turn to our worldwide network of authorized dealers who are ready to offer their support.
